

DFD Diagram :

Level 0 (Context Diagram):

- Just shows **User**, **Admin**, and **Library Management System (LMS)** as one process.
- Arrows: User ↔ LMS, Admin ↔ LMS.
- Purpose: Big-picture view.

Level 1 (Expanded):

- Breaks the LMS into processes like **Borrow Book**, **Return Book**, **Manage Books**, **Manage Users**, **Monitor Transactions**.
- Introduces **data stores** (Book DB, User DB, Borrowed Log, Returned Log).
- Purpose: Shows *how* the LMS internally handles requests.
